Professional Summary

Highly motivated and detail-oriented BSc (Hons) Computing student with a strong passion for software development. Experienced in building web applications using Django and Flask, with a solid foundation in Python, Java, and C++. Eager to apply academic knowledge and technical skills to real-world software problems.

Education

BSc (Hons) Computing (2023–Present)
The British College, Kathmandu — Affiliated with Leeds Beckett University

+2 Science (Physics) — Uniglobe College, Kathmandu (2022)
SLC — Rarahil Memorial School, Kirtipur, Kathmandu (2020)

Skills

- Django & Flask Web Development
- HTML / CSS
- Java / C / C++
- Database Management (SQL, MongoDB)
- Version Control (Git, GitHub)
- Python (Pandas, NumPy)
- Communication, Problem Solving, Teamwork

Projects

E-commerce Store (Django): Developed an online storefront with product listings and user authentication.
File Manipulator (Flask): Built a web utility for uploading and processing files.
Invoice System (C++): Created a console-based invoice generator using file handling.
Graphics Manipulation (Java): Implemented visual rendering and modification features.

Experience

No formal industry experience yet; gained practical experience through academic and personal projects in backend development, databases, and system logic. Highly motivated learner, adaptable to team-based environments.

Languages

Nepali (Fluent), English (Fluent), Hindi (Fluent)
